

## **SAFETY MANAGEMENT SYSTEM**

### **Our commitment:**

Paine Field Airport is taking a lead in promoting and adopting a just culture of safety based on trust, shared ownership, and open participation. Our goal is to foster the growth of PAE's Safety Management System (SMS) from the Air Operations Area (AOA) and beyond.

Paine Field Airport commits to:

- **Prioritize and embed safety** in all aviation activities, acknowledging its paramount importance.
- **Make safety a top priority** by allocating resources and conducting regular reviews to enhance performance.
- **Provide safety information and training** to ensure staff competency and accountability.
- **Establish a robust safety culture** to minimize and manage operational risks.
- **Exceed FAA safety regulations** for airport operators.

**Report a hazard and learn more about SMS at Paine Field**
